2. The following is an examiner's statement of reasons for allowance: In response to remarks made in Applicant's Argument filed on 05/22/2007, applicant's argument is persuasive. **In claim 1**, applicant states that the limitation "a frame disposed within the shell, the frame extending in a lengthwise direction along the shell; a plurality of mounting points disposed along the frame, each mounting point capable of accepting one module of uniform size, the mounting points spaced such that mounted modules are mounted in a parallel, spaced apart manner" in combination with "a connector system operative to pass electrical signals through the shell" and "a communication interconnect system operative to transfer signals between each mounted module and the connector;" These limitations, in conjunction with the other limitation as claimed in the claim 1, was neither found to be disclosed, nor suggested by the prior art. **Claims 2-3, 5, 8-10, 12, 15, 17-23** depend on the claim 1. All claims have been considered and upon conclusion of a comprehensive search of the prior art, the office indicates that the claims, as amended, are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
